August

Dear Parents,

Peanut allergies can be a very dangerous situation and we are asking all parents to refrain from sending in any snack that contains peanuts in any form. Please read all labels. If it contains, nuts, peanut oil, or is produced in a plant that makes products with peanuts, please do not send in with your child.

We appreciate your consideration in this matter. We have equal concern for each and every child in our school.

If you have any questions, please do not hesitate to contact me.

Sincerely,

**Mrs. Holly M. Custodio
Secretary**
