

Sacred Heart School

Dear Parents,

An expanded school bus transportation law enacted by the Pennsylvania Legislature provides free transportation to Sacred Heart students under the following conditions:

1. A district, which provides transportation for resident public school students, must also provide it for resident non-public school students.
2. Transportation for non-public school students must be provided to and from the non-public school in which the student is enrolled, even if the non-public school is located outside the district's boundaries so long as the distance is not more than 10 miles beyond the district's boundaries.
3. A district which does not transport public elementary children living within 1½ miles from school is not obligated to transport non-public school children living within this same distance.
4. A district may transport children who live along hazardous routes even though the children live less than 1½ miles from school.

All students must have a completed Request for Transportation form on file each year. If your child will be a car rider, or a walker, you must complete all information and check the appropriate box at bottom of the form. Please cut the form on line below and return it to school with your registration paperwork. Thank You for your cooperation.

----- PLEASE CUT ALONG DOTTED LINE AND RETURN THE BOTTOM PORTION TO SACRED HEART SCHOOL -----
